

# THE ROYAL TOMBS OF AIGAI

AUGUST 1-21

- Location: Vergina, Imathia, Greece
- Period: Iron Age-Hellenistic
- Duration: Four weeks
- Accommodation: double room in hotel
- Program: Excavation of a Greek city • Classifying and processing of artifacts • Seminars on greek burial of Iron Age • Workshops on hellenistic ceramics • Excursions to historical sites.

“Undoubtedly the site will forever be imprinted in my mind. The people, the work, the memories, and the finds are truly unforgettable.

- Russell Williams, New York

The ancient city of Aigai was the first city of the Macedonian kingdom, the most significant Greek state in the North. Alexander the Great was proclaimed king in Aigai after Philip II, his father, was assassinated in the city's theatre. Alexander set off from Aigai to change the history of Greece and the world. Far away from the typical tourists track around Athens and the islands, Aigai and the museum of the Royal Tombs is one of the most incredible sites in the country. It is in the UNESCO World Heritage List since 1996.

More than 500 burial tumuli constitute the core of the archaeological site of Aigai, one of the most extent, original and well preserved ancient Greek cemeteries. The excavation of a single tumulus will provide ArchaeoSpain participants a unique experience of studying the architecture, burial customs, material culture and art of ancient Greece.

# IN THE LAND OF ALEXANDER THE GREAT

## Daily Schedule

6:30 am Breakfast  
7:00am-1:30pm  
Excavation  
2:30pm Lunch  
3-6pm free time
